WHAT IS EQUINOX LOUVERED ROOF?

An Equinox Louvered Roof is a revolutionary addition to your outdoor living space. This innovative system is engineered with cutting-edge technology. It combines style and functionality seamlessly, offering a remarkable way to transform your patio, deck, or pergola.

The Equinox Louvered Roof boasts adjustable, motorized, double-walled louvers, granting you full control over sunlight, shade, and ventilation. With a simple touch of a button, you can effortlessly adjust the angle of the louvers, allowing for the perfect balance of natural light and shade throughout the day.

This louvered roof system is crafted from durable, weather-resistant materials ensuring longevity while withstanding various climates. Its sleek design seamlessly integrates with any architectural style, enhancing the aesthetic appeal of your outdoor space and increasing the value of your property. Whether you seek a cozy retreat or an entertaining area, the Equinox Louvered Roof provides the ideal solution, creating a versatile and comfortable environment year-round. Elevate your outdoor living experience with the Equinox Louvered Roof and indulge in the perfect harmony of beauty and functionality.

WHY EQUINOX LOUVERED ROOF?

Enhance your outdoor living experience with the extraordinary Equinox Louvered Roof. This innovative architectural addition perfectly balances functionality and elegance in any outdoor space.

The Equinox Louvered Roof offers unparalleled versatility. Adjust its motorized louvers to provide the ideal amount of sunlight or shade, creating a comfortable oasis in any weather condition. Whether you desire a cool, breezy ambiance or shelter from rain or intense heat, this roof has you covered.

Designed with durability in mind, the Equinox Louvered Roof boasts a sturdy aluminum construction that withstands the test of time. Unlike traditional wood pergolas, an Equinox Louvered Roof requires minimal maintenance, allowing you to focus on enjoying your outdoor retreat.

Transform your patio, deck, or garden into a captivating space with the Equinox Louvered Roof. Whether building an outdoor kitchen to use year-round or covering your entire outdoor area, choose an Equinox Roof and discover the epitome of luxury, convenience, and style while elevating your outdoor living to new heights.

CONTROL IS AT YOUR FINGERTIPS

Get the **smartest louvered roof** on the market

The beauty of an Equinox Louvered Roof is in the simple sophistication of its operation. At the simple touch of a button on your smart device or remote, you can completely change the feel of your outdoor living space to match your mood. Sudden harsh weather? No problem! You can go from fully open to a solid roof in moments.

Our smart controls give you the ultimate power to decide how you want your space to look and feel, so you always get the most of your outdoor area.

Allow in **as much or as little sunlight** as you'd like by adjusting the louver position.

When unexpected showers roll in, you can close the **watertight louvers** in seconds.

Easily control other features like **screens, lights, and more.**

OPEN

Fully open the louvers to let in sunshine and ventilation on the days you want to soak up the rays or at night to relax under the stars.

ANGLED

Angled louvers provide you with light, shade, and ventilation on warmer days or when cooking in an outdoor kitchen.

CLOSED

Completely close the watertight louvers to block out rain and other elements and continue to enjoy your outdoor living space, regardless of the weather.

READY FOR WHATEVER THE WEATHER BRINGS.

EQUINOX LOUVERED ROOF VS THE COMPETITION

Equinox Louvered Roof is a leading brand in the market of adjustable patio covers and louvered roof systems. When comparing Equinox with its competitors, several factors set it apart and make it a popular choice among homeowners and businesses. **Let's explore some key advantages of Equinox Louvered Roof over its competitors.**

QUALITY & DESIGN

DOUBLE-WALLED LOUVERS

Equinox Louvered Roof is known for its superior quality and durability. Our system is built with high-grade aluminum which offers exceptional strength and durability. The uniquely designed double-walled louvers have a distinctive design and provide superior insulation, quieter operation, and increased durability.

DURABILITY & STRENGTH

FLORIDA MIAMI-DADE CERTIFIED

The Equinox Louvered Roof system is the only motorized pergola on the market that is Florida Miami-Dade certified. This certification means our system is built to stand up to extreme wind and snow loads and meets the strict certification of Florida's Miami-Dade county.

VERSATILE & ORIGINAL

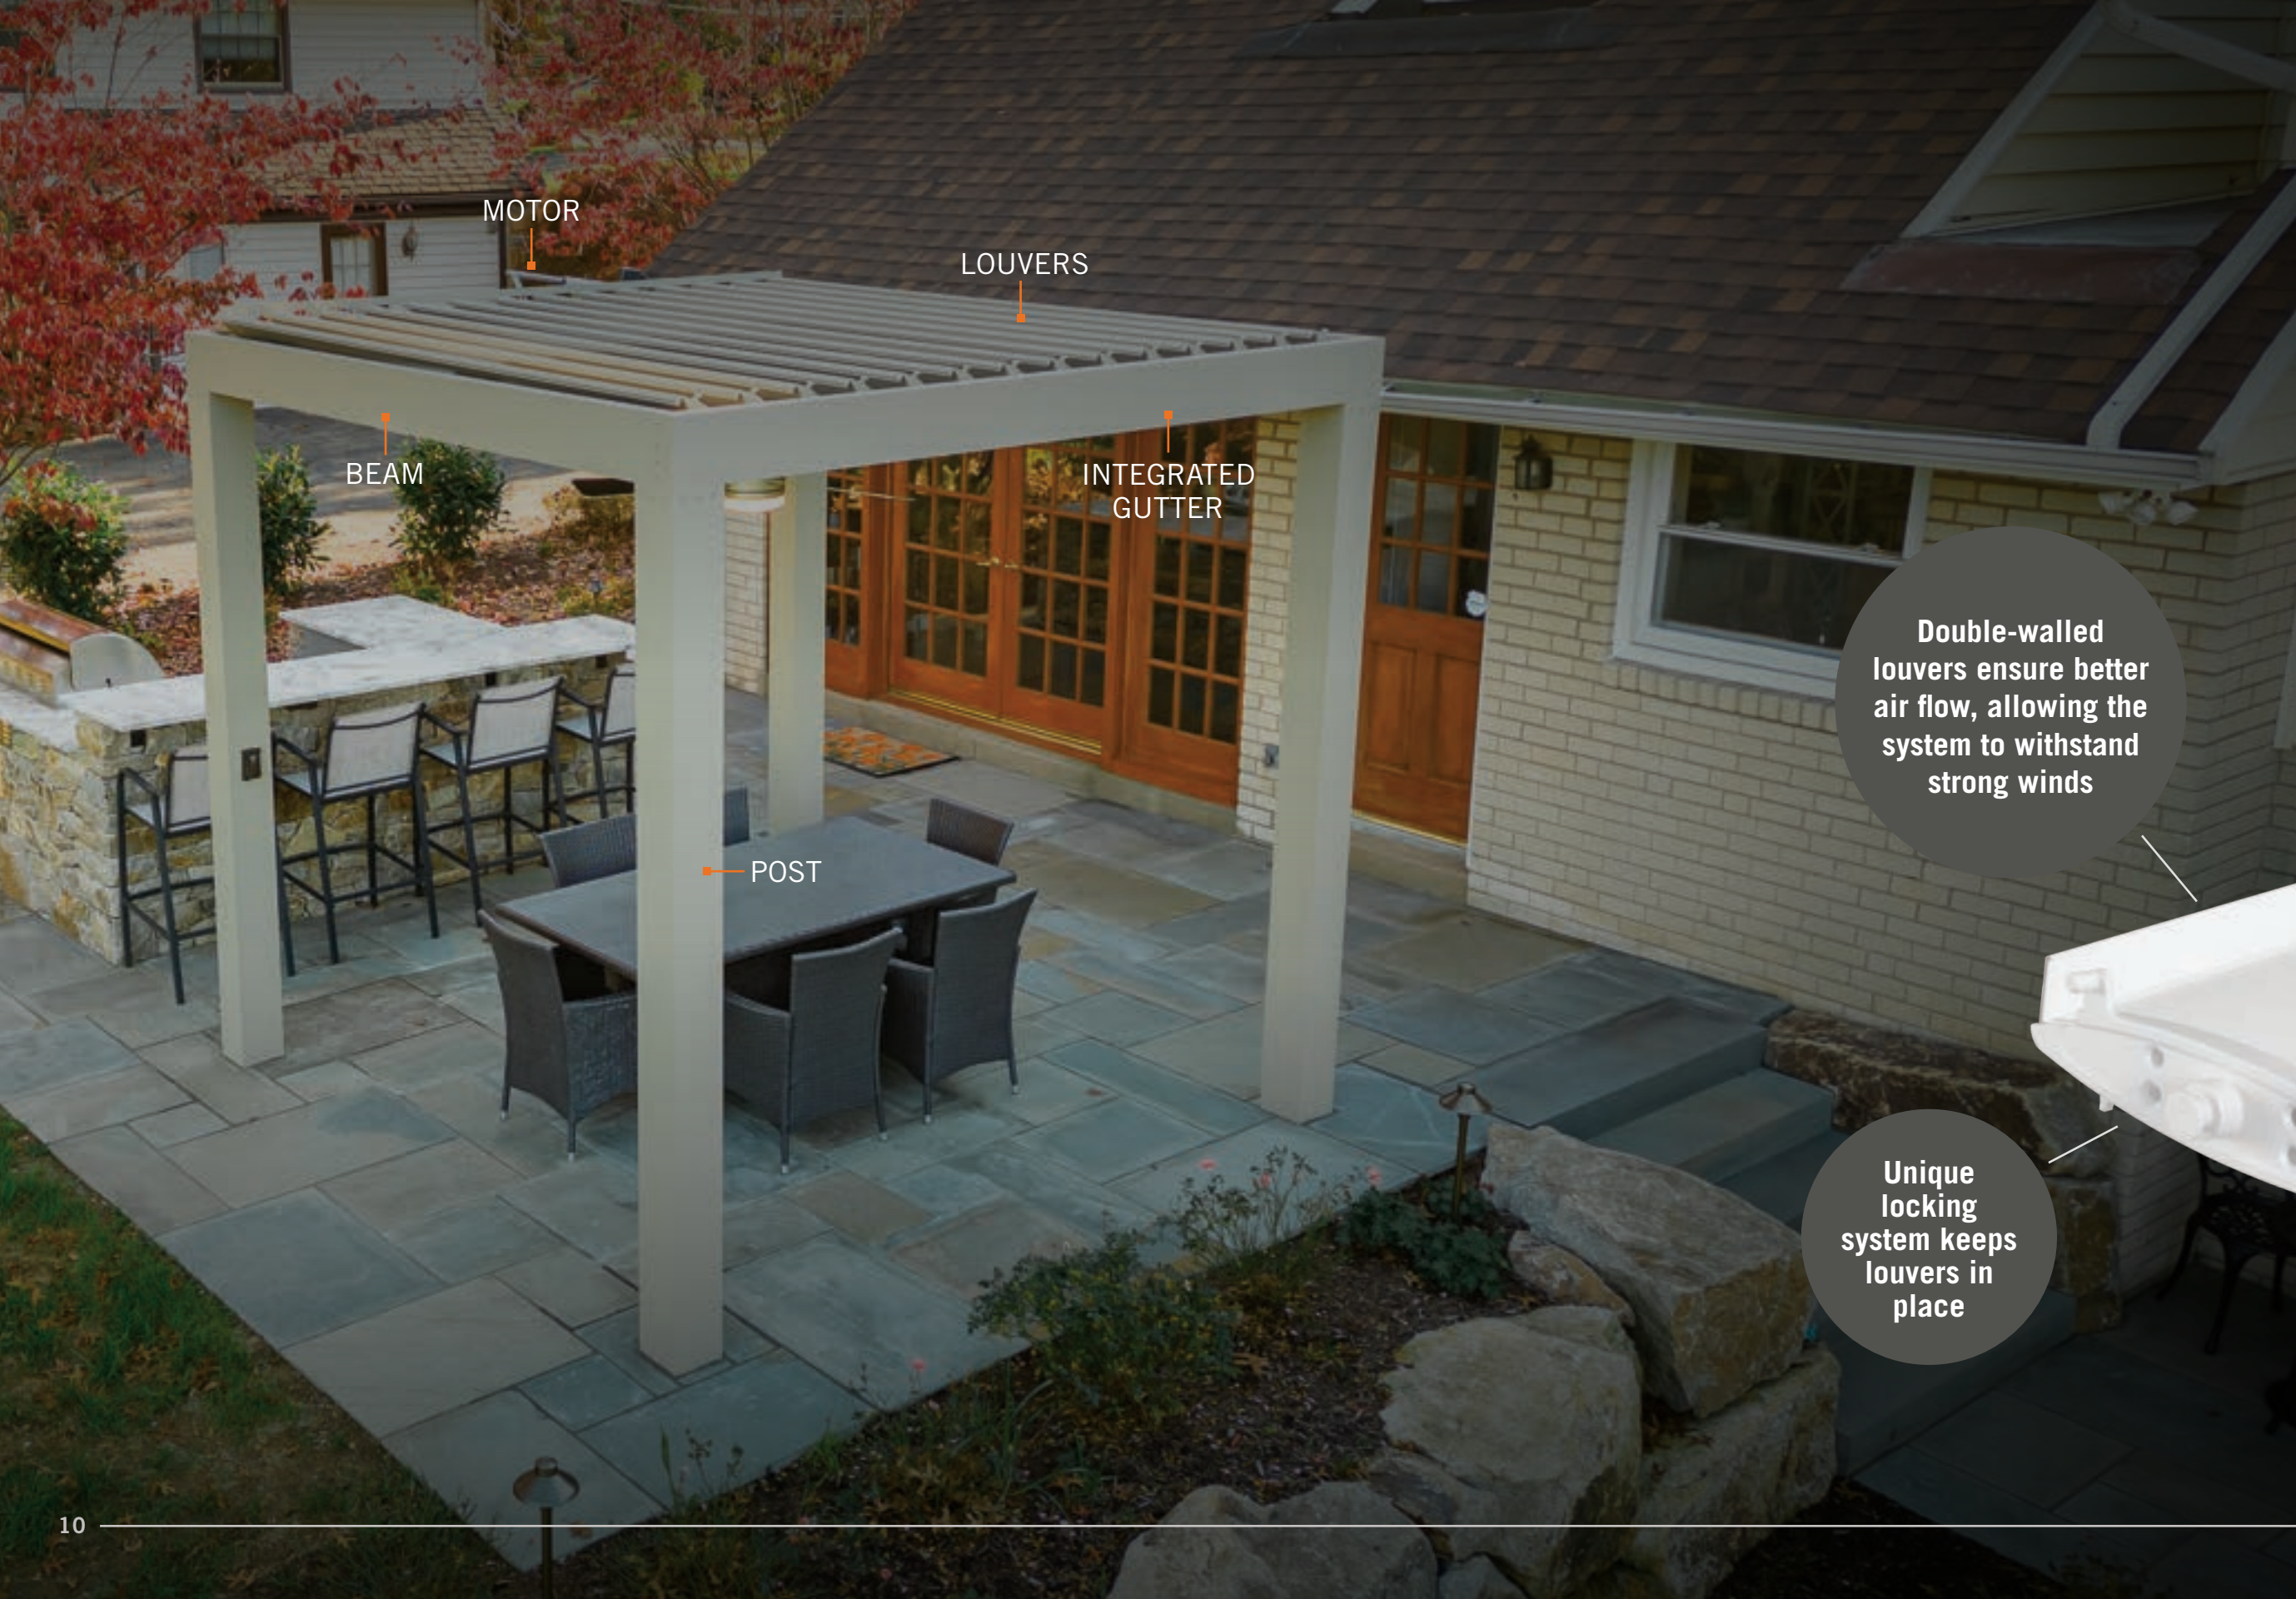

UNBEATABLE CUSTOMIZATION

Unlike louvered roof kits sold by competitors, Equinox Louvered Roofs are fully customizable and are built to compliment any architectural style. This allows for a variety of angles, shapes, colors, accessories, and designs to create the pergola of your dreams.

SMART & SIMPLE

EASY OPERATION

With an Equinox Louvered Roof there is no complicated programming or process to learn. The simple touch of a button will adjust your louvers to whatever settings you prefer whether open, angled, or closed. It is comfort at your fingertips.

WHAT MAKES UP AN EQUINOX LOUVERED ROOF?

Only the highest quality aluminum goes into building our **sustainable, durable, low-maintenance** louvered roof systems. Each part of the Equinox Louvered Roof is designed to stand the test of time, guaranteeing you can enjoy your outdoor space for many years to come!

Double-walled louvers ensure better air flow, allowing the system to withstand strong winds

Unique locking system keeps louvers in place

All-aluminum construction ensures durability and minimal maintenance

DESIGNED FOR YOUR UNIQUE STYLE

CREATE A SPACE THAT'S **CUSTOMIZED** TO YOUR NEEDS

Elevate your outdoor experience with Equinox Louvered Roof's remarkable customization and accessory options. From the ambiance of our lighting fixtures to immersive speaker systems, it's your ticket to crafting a year-round paradise that reflects your unique style and preferences. Whether you're a homeowner or business owner, this versatility is the key to an irresistible outdoor oasis!

SCREENS

Provide additional privacy and protection from the elements with retractable screens. Program these with your smart remote for easy transition from enclosed to open!

MISTERS

When the temperatures rise, stay cool under your Equinox Roof with the addition of ceiling fans or misters. You can choose any style or design to match with your outdoor vision.

LIGHTS

Enjoy your outdoor space day or night with the addition of LED lighting fixtures. Choose any style or type you desire to illuminate and bring light to your Equinox experience.

FANS

Keep your space comfortable year-round with the addition of fans. Create airflow during the warmer months, and then use to keep warm air circulating in the colder seasons.

SPEAKERS

Music is the universal language. Accessorize your roof with wireless speakers or even a full surround sound system to bring the party outside, or put on some relaxing tunes to unwind.

HEATERS

Stay warm and cozy in the colder months with the addition of gas or electric heaters. You can also add a firepit or fireplace to bring additional style and luxury to your design.

STRONG AND SUSTAINABLE

The Benefits of Aluminum

Lightweight yet incredibly strong, aluminum provides premium structural integrity and ensures Equinox Louvered Roofs can stand up to the harshest weather conditions. Aluminum is high quality and low maintenance, meaning it will not rot, crack, warp, or require constant upkeep.

Additionally, aluminum is highly recyclable, making it an environmentally friendly choice. Its versatility allows for easy customization, while its sleek and modern appearance adds luxury to any outdoor space.

UP TO
3X LONGER LIFE
THAN WOOD OR COMPOSITE

LOW MAINTENANCE
SAVES YOU TIME & MONEY

A louvered roof system that works **for you and the environment**

LIGHTWEIGHT

Aluminum is lighter by volume than most leading metals and materials.

STRONG

Aluminum profiles can be created to withstand heavy snow loads and harsh winds.

RESILIENT

Able to stand up to nearly all weather conditions, aluminum will far outlast other materials.

NON-CORROSIVE

With aluminum, you don't have to worry about rust, rot, or insect damage.

NON-COMBUSTIBLE

Unlike wood, aluminum does not burn, making it the safest choice for your home or business.

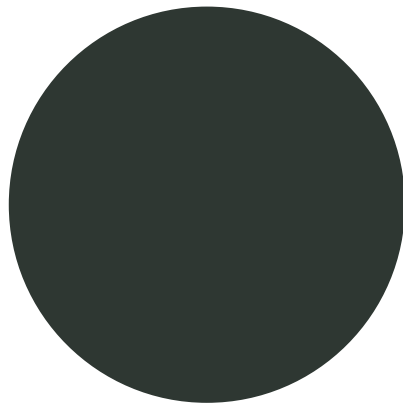

RECYCLABLE

The beauty of aluminum lies in its ability to be recycled forever, without losing its defining properties.

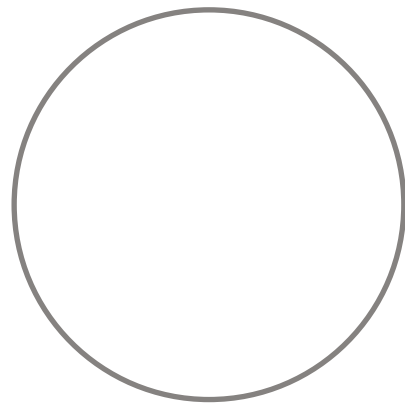

THE BEAUTY OF EQUINOX

Explore our collection of impressive color choices

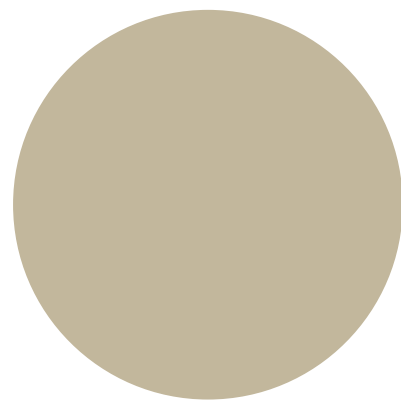

The beauty of creating your outdoor oasis is being able to find the color that perfectly matches your home and your vision. Equinox Louvered Roof systems are available in a variety of shades and colors, from neutrals to custom solid colors and finishes. This ensures that the addition of an Equinox Roof complements and greatly enhances any residential or commercial outdoor space.

WHAT YOU NEED TO KNOW

about an Equinox Louvered Roof

Visit EquinoxRoof.com/resources/ for more information on what makes Equinox Louvered Roof the best fit for your next residential or commercial project.

CAN I CUSTOMIZE THE DESIGN OF MY PERGOLA?

With an Equinox Louvered Roof, you aren't limited to a specific size, shape, color, or placement like you are with pergola kits. Your pergola can be freestanding or attached to your home or business, and can wrap around corners and use angles for unique placements.

HOW DEMANDING IS IT TO MAINTAIN?

Unlike wooden or cloth pergolas and covers, an Equinox Louvered Roof doesn't require time-consuming and costly upkeep. Aluminum's resistance to rot, warping, insect damage, fire and fading means that minimal cleaning of the structure is usually enough to keep your system looking new and clean.

HOW DOES IT PERFORM IN HARSH WEATHER CONDITIONS?

With the simple touch of a button, you, your family and friends, and your beautiful patio furniture are kept dry and safe from inclement weather. You can also take comfort in knowing Equinox Louvered Roofs meet Miami-Dade wind codes and are designed to withstand snow loads.

WHAT VALUE DOES IT ADD TO MY HOME OR BUSINESS?

A well-designed and functional outdoor space adds to the overall appeal and desirability of your property, making it more attractive to potential buyers or investors. The enhanced curb appeal and expanded usable space can justify a higher property valuation, providing a substantial return on investment over time.

LONG-LASTING AND LOW-MAINTENANCE

Backed by a Robust **20-Year** **Warranty**

Get peace of mind knowing we have you covered. Equinox Louvered Roof Systems are backed by a 20-year limited warranty.

This warranty covers the louvers and all support materials like beams, gutters, and posts. **We guarantee no flaking, chipping, or blistering for two decades.**
